

Every time you buy groceries for your family, you can help feed the poor without spending another dime. You just use your Kroger Plus card. The Kroger Community Rewards program gives all of us the opportunity to help others, simply by doing something we are going to do anyway. Here's how it works. Kroger is donating up to five million dollars a year to non-profit organizations, based on the amount of purchases made by supporters of the non-profit, up to \$50,000 a quarter. It's easy to register online or at your local Kroger store and designate Victory Ministries to benefit from your purchases. To sign-up online go to www.krogercommunityrewards.com – click on the Ohio link, then click the enroll button and follow the instructions. You will register your existing Kroger plus card so that every time you swipe it, Victory Ministries will benefit from your purchases. **Please make sure to designate Victory Ministries as the organization you want to support. Our NPO # is 84047**

If you don't have a Kroger Plus card, you can download the form online or pick one up at any Kroger store.
